

Beta-Lipoic acid

1. Physico-chemical data of Beta-Lipoic acid

Lot No.:11.062 - 301

CAS-No.: []

Structural Formula:

Chemical Nomenclature: D,L-6,8 Thioctic acid-S-oxide
isomeric mixture

Chemical Formula: $C_8 H_{14} O_3 S_2$

Molecular Weight: 222.33

Appearance: yellow clear oil without any odour

Solubility: soluble in: Methanol

2. Storage and stability

Storage: keep protected from light;
store in a desiccator at $-20^{\circ}C$

Stability: 12 months under conditions
described above
